CM/ECF Version 3.0 - Changes

On July 17, 2006, the CM/ECF system will be updated with the newest version released by the Administrative Office in Washington. With this new version, you will notice some changes. Attached you will find an information packet outlining those changes.

One of the most significant changes for attorneys and trustees will be the way this court handles quality control issues. Since we began on CM/ECF over 5 years ago, our court has always contacted attorneys via phone or e-mail to notify them of filing errors or problems. With version 3.0, the system now sends out e-mail edit notifications. When the court edits something, you will receive notice of it by e-mail. When you receive this notice, you will be responsible for correcting the error. You will not receive an additional phone call from the court. The court will now only make phone calls in special situations. Please review that section of the attached information packet closely.

If you have any questions, please contact Elizabeth Hager at 225-389-0211, ext, 208 or elizabeth_hager@lamb.uscourts.gov.

Sincerely,

s/Monica M. Menier
